

Nominating essay for Joe as Olympic Torchbearer

Joe's joy was complete! His son was born! But Markie seldom cried and soon suffered seizures, convulsions and stopped breathing. And at 4 months, despite wonderful medical care, Markie died at home in his parents' arms.

But Joe did not give in to despair. In Markie's name, he founded the MARKIE FOUNDATION, an organization to financially aid other dying infants and their parents, and sick children. The first year Joe's efforts brought in \$15,000. This year the MARKIE FOUNDATION has already given \$50,000 to KOMFORT FOR KIDS.

Out of such tragedy, Joe is helping so many people. He continues to reach out, unbowed by his grief and loss.
